CUSTOMER NOTE: Please carefully read the Ultrarroof System Overview before filling in order details

HOW TO PLACE AN ORDER FOR ULTRARROOF:

1. Sketch plan & elevations.
(If necessary, attach photos of existing property. Indicate on drawings if any part of project is existing).
2. Mark and caption the positions of all walls, brick piers, windows/doors, cut outs / intrusions.
3. Mark the preferred positions of any
a) roof windows
or b) rectangular glazed panels.
4. Upon placement of your Ultrarroof order, an order confirmation is generated which must be signed and emailed back.

NOTES:

Please see p2 of Ultrarroof guide to selling, surveying and specifying for list of what IS / IS NOT included

- White Black Grey Rosewood Mahogany Light Oak

ANCILLARY EXTRAS

The installer is responsible for ensuring that where Ultrarroof is supported by means such as masonry or timber frame walls, the structure provides enough lateral support and resistance to wind uplift. Further guidance can be obtained through Ultrarroof's technical documentation/guides. Ultraframe is not responsible for the structural adequacy of any existing building work used as part of an overall project. Whilst assistance is provided ultimate responsibility for securing Building Regulations lies with the retail installer.

For further guidance please contact the Technical Support Team on 01200 452918 or email techsupport@ultraframe.co.uk
